DETAILED ACTION

Allowable Subject Matter

1. Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for the indication of the allowability of claims 1-19 is:

Regarding claims 1-19, the prior art does not teach or fairly suggest in combination with the other claimed limitations a passenger transport aircraft having a cable channel arrangement comprising a cable branch junction that is joined to and interconnects said longitudinal guide element and said transverse guide element, and that forms a cable passage therein including a longitudinal cable receiving area communicating into said longitudinal cable channel and a transverse cable receiving area communicating into said transverse cable channel, with said at least one respective cable passing through said passage; wherein each respective one of said guide elements respectively comprises a lower part secured to said cabin floor and an upper part arranged on said lower part to cover said cable channel of said respective guide element.

This limitation is found in claims 1-19, and is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cawley (US 6,504,093), Lambiasco (US 6,674,000), Whitney (US 5,336,849), Motzigkeit (US 6,743,976), Littrell (US 5,907,936), Weener et al (US 6,367,211), Holliday (US 6,437,247), Strong (US 6,566,598), Samhammer (US 6,498,297) and Tratwein (US 4,723,580) disclose a cable channel assembly.
